

AESOP: DISCOVER HUGE SAVINGS

FACING A BUDGET CRUNCH?

AESOP CAN HELP

**SQUEEZE THE MOST VALUE
OUT OF EVERY DOLLAR**

Automated Substitute Placement & Absence Management
Serving thousands of school boards worldwide

HOW CAN A SUBSTITUTE PLACEMENT SERVICE SAVE MY SCHOOL BOARD MONEY?

Aesop: Uncovering budget savings

There's no question that cost pressures have increased for school boards everywhere. Meeting the challenge of a shrinking budget requires your school board to take new approaches. The Aesop substitute placement and absence management service can help your school board trim costs and increase efficiency in a variety of ways. You'll realize *substantial payback* on a modest investment to help realign your budget.

Here are some ways that other school boards are using Aesop to beat the budget crunch:

"Principal access to teacher absence monitoring technology (i.e., substitute management system) appears to result in nearly 14% lower teacher absenteeism."

- **Automate substitute placement**

Reclaim the time and money your school board spends paying staff to manually handle substitute placement several hours every week.

- **Deny fraudulent claims for unemployment**

Utilize Aesop's robust historical reporting to save your school board potentially thousands of dollars in unemployment compensation for subs.

- **Eliminate paper-based leave reports**

Cut days off of the time it would normally take to process paper-based leave requests.

- **Manage employee absences**

Use Absence Analysis reports to lower absence rates and reduce the amount your school board spends in substitute compensation.

- **Simplify professional development scheduling**

Integrate Aesop and your PD system to cut in half the time administration spends entering professional development related absences.

- **Streamline payroll operations**

Eliminate the need to re-enter employee leave and substitute work history into your payroll system. Integration with Aesop cuts manual data reentry out of the equation, saving hours and reducing the risk of errors in copying.

With no hardware or software to install, Aesop is an affordable solution for school boards of all sizes.
