

WHAT DOES AESOP MEAN FOR PRINCIPALS?

MORE VISIBILITY

Solve the mystery of those recurring Friday absences.

Automated Substitute Placement & Absence Management
Selected by more districts than all other systems combined

WHAT DOES AESOP MEAN FOR PRINCIPALS?

More Visibility.

We know that you can't afford to lose instructional time when your regular teachers are absent. You need a clear, real-time view of each employee absence and substitute placement. That's why we developed Aesop.

Aesop has become the leading solution for substitute placement because we continually enhance the system based on input from educators. Here are some of the common concerns we've heard and our solutions:

"I need to know every day which teachers are absent and who is taking their place." With Aesop, you can instantly know who is teaching in your schools. Aesop's Daily Report offers school principals and secretaries a real-time "snapshot" of all absences and substitute assignments. Aesop also provides a list of available substitutes that is always up-to-date.

"I need some control over which subs are working in my school." Aesop allows principals and teachers to build lists of "preferred subs" who will be contacted first, as well as exclusion lists. Skill matching ensures that only qualified subs are assigned to positions. Features like calling sequence and other business rules help to ensure that you get the substitutes you want.

"I want to improve communication and coordination between teachers and substitutes." Aesop allows teachers to attach lesson plans and other documents right to their registered absences. Substitutes can provide feedback to teachers, and teachers can rate substitutes based on their performance. These extra communication measures ensure that students are receiving quality education during their teacher's absence.

"I have little time to learn or use a new technology system." Aesop does not obligate principals in any way. You can be as engaged or detached from the process as you wish. Either way, Aesop will be working hard to optimize substitute placement and to support student learning in your school.

"Our positions are being filled by Aesop almost instantaneously in some cases, which is a real plus for our administrators and teachers."

Human Resources Director
Public School District

WHAT IS AESOP?

Aesop is an automated substitute placement and absence management service that uses an integrated phone and web system. Unlike traditional sub-calling systems, Aesop's Software-as-a-Service model does not require any hardware or software at the district office. Users simply log in via the web or phone anytime, anywhere. Aesop not only saves countless hours of manual sub-calling, but also offers efficient absence tracking and reporting.

For school principals, Aesop means a clearer view of absence management to ensure effective classroom instruction.

To learn more about how Aesop could work in your district, please visit www.AesopEducation.com or call us at **1.866.574.9169** at your earliest convenience.
