

WHAT DOES AESOP MEAN FOR TEACHERS?

BETTER COMMUNICATION

The 21st century demands 21st century technology.

Automated Substitute Placement & Absence Management
Selected by more districts than all other systems combined

WHAT DOES AESOP MEAN FOR TEACHERS?

Better Communication.

For busy teachers, absences can arise quite suddenly, leaving little time to communicate with the district. Teachers often don't get a say in which substitute will replace them or get an opportunity to leave good instructions for the substitute. That's why we developed Aesop.

Through web and phone-based technologies, Aesop allows teachers to conveniently communicate with the district and substitutes.

With Aesop, teachers can:

Register absences anytime, anywhere

- Access the Aesop system 24/7
- Use the phone to call in absences to Aesop toll-free
- Post absences online on their Aesop home page

Prepare substitutes for the classroom

- Attach files to registered absences
- Include lesson plans or other files for the substitute

Increase communication with the district

- Receive important web alerts from the district
- Sync to the district's calendar
- View reports on up-to-date absence history

Ensure the best substitute is in the classroom

- Customize a substitute preference list of who is called first
- Provide comments and rank substitutes on their performance

Receive quality assistance when needed

- Read self-help guides posted on their Aesop home page
- View Aesop help videos on the website
- Get help from a trained Aesop administrator at the district

"Principals, teachers, and substitutes have stopped me on the street, at the mall, and at restaurants, telling me how much better it is. Without reservation, I would gladly recommend Aesop to any school district."

Charlie Williams, HR Director
Cabarrus County, NC

Aesop is an automated substitute placement and absence management service that uses an integrated phone and web system. Unlike traditional sub-calling systems, Aesop's Software-as-a-Service model does not require any hardware or software at the district office. Users simply log in via the web or phone anytime, anywhere. Aesop not only saves countless hours of manual sub-calling, but also offers efficient absence tracking and reporting.

For teachers, Aesop means better communication and more convenient absence management.

To learn more about how Aesop could work in your district, please visit www.AesopEducation.com or call us at **1.866.574.9169** at your earliest convenience.
